SUMMARY

I am an experienced full-stack enthusiast with a passion for technology and innovation. Skilled in Node.js, Express.js, React.js, Data Structures, and Algorithms, with a knack for crafting clean and user-friendly code. Bringing over 2 years of industry experience to the table. Also, I have made many personal projects, some of which are my personal portfolio, an ecommerce web application, to-do list etc.

EXPERIENCE

TCS - Associate System Engineer

Pune

08/2022 - Current
